A fighting rifle for a fighting man, the Sons of Liberty Gun Works OB1.

After 28 years in the British military, including as a highly decorated member of the world renowned 22nd Special Air Service (SAS), Christian Craighead's career was famously highlighted by single-handedly thwarting a terrorist attack in Nairobi in 2019. The OB1 rifle is a collaboration with Sons of Liberty Gun Works to offer a signature fighting rifle based on Craighead's real-world experience.
